

# DISPOSE & DONATE

## RECYCLING & DATA DESTRUCTION

Using a certified data destruction firm significantly reduces your chances of a data breach

Transparency and on-demand access to your records is critical, our online portal provides it

You can have zero-landfill impact when you choose to responsibly recycle

### Pick Up & On-Site Inventory

Whether in a closet, spread out, or already palletized, we make pickups and documenting the assets on-site a breeze.

What did we recycle again? Don't worry, we scan every asset, serial number, make and model

Are you worldwide? No problem, we can pick up around the world

### Responsible Recycling

No one wants to end up on 60 minutes, you can ensure nothing goes in a landfill

Not just computers, but cables, batteries and everything else you need to run your IT environment, we recycle it

Did you really make an impact? Absolutely! We provide you live reports of your positive environmental impact

### Reporting & Compliance

Want to make your auditors smile? We provide all the reporting you need to prove you did what you said you did

From Chain of Custody, Certificates of Destruction, to Asset Inventory can easily be integrated with your asset management system

Leveraging our industry leading certifications allows you to stay in compliance without having to know every regulation
